GRAND PROCESSION FROM BEAVER DAM. LADIES' ARE ESPECIALLY INVITED TO ATTEND.

lection of such a man to the Presidency would not be even so much as a step toward the application of the economic principles in which I believe, being convinced that Mr. Wilson is a person is right when he says it makes but little difference whether Bryan or McKinley wins, there is no longer the slightest reason why I should continue to accifice my honest convictions to partisan prejudice.

"There are two Socialist candidates for President, Francis Maloney of the Socialist Labor party, and Eugene V. Debs of the Social Democracy. I am not familiar with the merits of the controversy between these factions of what should be the party. I shall vote for one of them. In November, I am not yet certain which, and afterward in November I shall affiliate with that organization of Socialists which seems to me to be the effective force for securing the economic revolution. With assurance of personal regard for you and other members of the Young Men's Democratic Club, I am, sir,

especially yours. "CHARLES I. STEWART,

"If you want to make us happy give us Beckham."—William Jennings Bryan's Louisville speech.

EVERY Democrat, who is not afraid of the truth, is cordially invited to hear Bradley and Yost the 27th.

We presume the Democrats will follow up their foolishness and have a rally at Heaver Dam the 27th, however we won't announce it yet.

HENRY E. YOUTSEY is on trial for his life before a jury composed of twelve Goebel partisan Democrats. They will hang him as sure as there is a God, evidence or no evidence.

REMEMBER, fellow citizens, Beckham said at Bowling Green, "I want the Democrats to come out in force this year and overcome the Republican majority of last year." This was a slip of the tongue, but it is an acknowledgment that he is a stolen office.

SHERIFF STEVENS will have an extra force of deputies the 27th to protect the timid Goebelites that are afraid of being intimidated by the presence of William O'Connell Bradley in town that day. So you needn't leave town boys, but you'd better stay close to the Sheriff.

THE Sayer law of Alabama and the Goebel law of Kentucky, place the election machinery in the hands of the Democratic party, so if they can't vote the party, success, they can steal the party success and the Hartford Herald says it favors this law. Really nothing better could be expected of the Herald under the present management.

IN recapitulating the vote of Kentucky in the election of 1895 the Courier Journal records to Governor Taylor 193,875, while it gives the late Senator Goebel 191,254—a majority for Governor Taylor of 2,621, and yet in the face of these figures the old unprincipled, unscrupulous and anarchic Courier supports the Democratic party in the overthrow of civil government in Kentucky, which Watters said would run hand in hand with the abomination of Goebelism. Alas! fellow citizens, your obligations are indeed onerous in this campaign. You should repeat the election of last November and serve notice on the thieves that a contest before a prejudiced body of men means bloodshed.

EVERY lover of liberty in the Fourth District should remember that a vote for Dave Smith for Congress, is a vote for Goebelism. Dave Smith wrote his own platform at Brandenburg, in which he endorsed the Goebel law and the infamies perpetrated under it. They should remember the lies which this acrobatic ass from La Rue, told at Hartford. They should bear in mind that this same man came all the way from Washington to Frankfort to assist in the overthrow of civil government in Kentucky and the establishment of a piratical government in its stead. Against this purveyor, comes Senator R. M. Jolly, nominated by the civil liberty citizens of this district. He is an amiable gentleman, against whom no one charge can be brought, save he is a leader of the hosts for civil liberty. His time is all being taken by reason of Beckham's extra session, but the voters should remember that he is in favor of the majority rule, a free and fair count. But this can't be said of Dave Smith.

OCTOBER 27 will be the greatest day in the history of the county. Extensive preparations are being made for a crowd of 5,000 or 6,000 people. Gov. Bradley and Judge Yost, the counsel for Gov. Taylor in the contest, will be here to tell the people how they were robbed of their liberty by the cohorts of Goebel. These gentlemen are intellectual giants, they are profound men, able and capable, prepared to tell of the outrages at Frankfort better than any other two

men in the whole country. Ex-Gov. Bradley is an orator without a peer in the country, while Judge Yost is a statesman of acknowledged and recognized ability. We serve notice on our Democratic friends that these gentlemen will be here on the 27th of October, so if they desire to take to the woods, they will have ample time to select a location, or if they choose to have Tom Pettit speak at Beaver Dam again. Gentlemen of the Democratic party, you who are afraid of the truth, had better prepare to leave town that day, for there is going to be a strong gale of Republicanism that will sweep the old town that day. David Goebelites you'd better be hiding out, Gov. Bradley is coming and you know he scared 10,000 of your comrades in Louisville out of voting just because he was in the city on the day of the election. In view of the horrors which follow the matchless Bradley, we beseech you not to become excited and jump into the river, for that is a very useful stream and if you think you can't stand it, get Tom Pettit and go out in the woods by yourselves, in advance of the storm.

The Horse Branch Episode.

From the report of the speaking at Horse Branch Monday, Judge Wells, of Louisville certainly did a plenty for Mr. Ringo. Our reporter informs us that after Mr. Ringo had displayed his statue and bible, he assailed the Republicans in Frankfort, in a manner becoming no other man save Ben D. Ringo, calling them dogs, murderers and highwaymen. This dirty course of vulgarity will remind the public of that vindictive speech made in convention here last spring, in which he said he would rather be a hog and root in the graves of the dead, than toss the name of the martyred Goebel from lip to lip as some of the young upstart Republicans were doing. Pointing out Gov. Bradley, he declared he was worse than Jose James ever was. This vile charge was uncalculated. Every man throughout Kentucky knows it is a vicious falsehood and so does its author.

The reporter, a very honorable gentleman, states that Mr. Ringo said the soldiers dragged the gatling gun over the streets in that city all day and actually said that nine thousand Democrats were intimidated thereby. There is not one scintilla of truth in his assertion. It is a vicious and brutal attack on the integrity of every citizen of Louisville, even Mayor Weaver. Out of all the witnesses before the contest board, never did one swear that he knew of a single man who was intimidated by the militia and not one saw a gatling gun. Not one saw the soldiers on the street until 6:30, and yet Mr. Ringo, an expert lawyer in Hartford, knows that 9,000 men were intimidated. The very echo of his own voice, rebounding from the hills surrounding Horse Branch, gave these malicious utterances the lie. But who could expect better from a man who defends the infernal Goebel law?

Bryanism the Same as Goebelism.

William Jennings Bryan has come to Kentucky and Kentuckians have taken his measure. He is a cowardly deserter of free silver. He is quite an attractive wind bag. He is an unprincipled demagogue, and an abomination in the sight of Kentuckians. In a very short period Mr. Bryan has made four visits to Kentucky, each time in the interest of Goebelism and Blackburnism. Mr. Bryan will have to bear the odium of Goebelism and Blackburnism, the father of which he had the audacity to ask God to bless Mr. Bryan has never come to Kentucky to the interest of the commonwealth, but to aid and abet the monstrosity of Goebelism in removing from the elections in Kentucky every element of chance.

"Yes, Blackburn, God bless him. You will have a chance in a couple of years to send a man to fight on the side of him, but my friends I say to you to redeem Kentucky. I have your hand playing 'Old Kentucky' to me. I want Kentucky to be the home of a State upon which Democracy could rely on at all times. When you come to vote this fall, I want you to make us happy throughout the Union, give us your electoral vote, give us the Congressmen, and give us Beckham for Governor."

In this article Mr. Bryan declares that he is thoroughly Goebelized by asking the people of Kentucky to please him by electing Goebelized electors, congressmen and Beckham for Governor. The people of Kentucky are asked to support a defender and supporter of Goebelism in the person of this gentleman from Nebraska. Those conscientious Democrats, who refused to endorse Goebelism last year are entreated by this Apostle of the Kansas City Convention to accept it this year—an insult, and a sneer hurled at the independent voters of this State. Upon the independent voters of Kentucky depends the salvation of the commonwealth and the noblest cause of a free and honorable Democracy are asked to give their votes to a party that has assumed the partnership of the Goebel law, which makes them slaves of

men and destroys republicanism that cannot be restored short of a political revolution.

Herald Man a Dishonest Dodger.

Just as was expected, the Herald does not attempt to answer the argument of Mr. Reneer's article, but makes a laborious effort to belittle an honorable citizen, who has at his command, the Congressional Record, acknowledged by all, save the Herald to be non-partisan. The fact of the matter is this; the Herald knows nothing of the contents of the Congress. It has never investigated the case which it copies from the Courier Journal, and is therefore hors de combat. The course of a high toned journal when assailed by arguments, is always to meet it with rebuttal evidence that will convince the public that its course is one of rectitude and justice. It is certainly a plain confession of weakness for a journal to go off at a tangent, when in a public discussion. The assumed editor does not offer one scintilla of argument against Mr. Reneer's citations, because, as a matter of course, it is not his to offer. It is a very easy matter to make assertions, but quite a different thing to back them up with argument. The Herald asserts and passes on without a thought of the future. In its nonsensical "reply" to the argument of Mr. Reneer, it asks what about Aldrich? We have answered that to-day. This leaves fifteen other cases, which it has copied from the Courier Journal, that we will explain, when it explains the Wise-Young and the Aldrich-Plowman cases.

When a man or journal becomes so depraved and fallen, as to cite one case of fraud to justify another outrage, he is no better than the immediate recipient of fraud. Dave Smith told his followers here, to beware of those dishonest in politics for he couldn't trust them in anything else. Yet Mr. Smith, the editor and assumed editor and many others, self-styled, honest men, are endorsing the acknowledged fraud, theft and rascality of the Democratic party in Kentucky. But the Herald's treatment of Mr. Reneer, is in keeping with its course. Throughout all the controversies with us, we have only, upon one occasion received a courteous discourse from the Herald. Its editor is an unscrupulous and dishonest dodger, that never accords to his adversary the privilege he demands.

Those Frauds in Congress.

Owing to the fact that the Hartford Herald has repeatedly referred us to contest cases in Congress, (which it says the Republicans conducted in a fraudulent manner,) to justify its own admitted course of fraud and theft, we have taken the pains to investigate, to satisfy our own desires and for the benefit of our readers, the famous case of Aldrich vs. Plowman, Fourth Congressional District of Alabama. This contest has been referred to by our contemporary as a vicious and partisan act of a Republican Congress, in the vain attempt to justify the infamous Goebel steal in Kentucky. Every intelligent man who has read the Hartford Herald knows that it admitted the election of Governor Taylor last fall and that it acknowledged that Beckham had stolen the office of Governor, by citing the Republican to alleged frauds in Congress in an effort to defend itself.

In discussing this subject it is our desire to give the facts as they really exist, and not to mislead any man for it has always been our policy to lay down such propositions as we can prove beyond doubt; any other course would be the height of folly. What we shall quote will be authority and not from the Louisville Courier-Journal, from which the Herald obtains all its watered information, or copy. The Fourth District of Alabama is composed of Calhoun, Chilton, Cleburn, Dallas, Shelby and Talladega counties. It is in a region known as the "Black Belt," and has a very large colored population. In the election of 1896 W. F. Aldrich, Republican, received, on the face of the returns, 7345, while T. S. Plowman, Democrat, received 10,312, a majority on the face of the returns of 3,067. This election was held under the Sayer law, which gave the Democrats of Alabama as complete control of the elections as the Goebel law does in Kentucky. Every precinct in the District was in complete control of Plowman's henchmen. In many instances every officer of the precinct was a Democrat. Men were voted that had actually been dead for years, other names appeared on the poll book, as shown in court, who positively swore that they did not go to the election, still others were voted who were under twenty years of age, and yet others who were illegal voters, by reason of their being residents of other counties or precincts, and still illiterate negroes who could not read, were voted for Plowman, by his henchmen. After those election officers had voted the dead, the present and the absent, they then manufactured names of their own accord and voted

them. In one precinct only three out of eighty-seven names that were on the poll book could be found by the Sheriff, who had subpoenas for them to appear before the contest committee. In another precinct the Sheriff had subpoenas for seventy-seven men whose names were on the poll books, but after a diligent search he returned with only three. At various precincts the returns were signed up before the ballot boxes had been opened. Any number deemed advisable by the precinct board was a reported. On page 263 of the record one witness states: "The returns were signed up before the ballot boxes had been opened or the votes counted."

After these frauds and numerous others, Plowman's own returns showed 3,067 majority. In Dallas county Plowman received on the face of the returns 4,289; Aldrich 1,200, when the proof showed that Plowman had received only 551, while Aldrich had 4,323; and in Talladega county on the face of the returns Plowman received 1,750, and Aldrich 1,552, while it was proven before the committee that Plowman had received just 897 and Aldrich 1,996. In this contest more than 900 witnesses were examined. If any one question these facts and figures let them write for the records in the case and convince themselves. We have given this case an extensive discussion, but not one tenth what we would like to give it or what it really deserves. But we have considered it at length so that the public may know what the Hartford Herald would refer to in a feeble attempt to justify its course of outrages. We have been asked "what we would do about the Aldrich-Plowman case," by the Herald. Now we ask the Herald what it will do about the facts cited in this article? Further, we challenge the Herald to refute this argument; yes, we dare it, but we desire argument and not bilgewater and apophryisms.

Will the Herald now produce some of the evidence that was given before the contest board at Frankfort in that outrageous act of unseating a man elected by the people, with all the election machinery in the hands of his opponents? We demand that our contemporary, who seldom refers to THE REPUBLICAN, except in the most abusive and vindictive and poisonous language, come up squarely and show the people where he is "at" and why he supports a party of fraud, force and usurpation and public theft.

All except bad ones!

There are hundreds of cough medicines which relieve coughs, all coughs, except bad ones! The medicine which has been curing the worst of bad coughs for 60 years is Ayer's Cherry Pectoral.

Here is evidence:

"My wife was troubled with a deep-seated cough on her lungs for three years. One day I thought of how Ayer's Cherry Pectoral saved the life of my sister after the doctors had all given her up to die. So I purchased two bottles, and I cured my wife completely. I took only one bottle to cure my sister. So you see that three bottles (one dollar each) saved two lives. We all send you our heartfelt thanks for what you have done for us."

GENERAL JOE WHEELER

PRaises PE-RU-NA FOR CATARRH.

JOE WHEELER'S CHARGE AT SAN JUAN HILL.

Major General Joseph Wheeler, commanding the cavalry forces in front of Santiago and the author of "The Santiago Campaign," in speaking of the great catarrh remedy, Peru-na, says: "I join with Senators Sullivan, Roach and McEnery in their good opinion of Peru-na. It is recommended to me by those who have used it as an excellent and particularly effective as a cure for catarrh."

United States Senator McEnery.
Hon. S. D. McEnery, United States Senator from Louisiana, says the following in regard to Peru-na: "I have used it sufficiently to say that I believe it to be all that you claim for it."
—S. D. McEnery, New Orleans, Louisiana.

At the next regular election to said purpose; and it appearing that the Fiscal Court of Ohio county has heretofore decided by a majority of the members composing the same, that said election shall be to take the sense of the voters of the entire county upon said question, and it further appearing that the petitioners, at the time of filing said petition, deposited with this court an amount sufficient in the judgment of the court to defray the expenses of the election upon this question; it is therefore ordered that said question be submitted at the next regular election, and the court now directs the officers of election in Ohio county to open a poll at the several voting precincts in said county at the next regular election, November 6, 1900, for the purpose of ascertaining the will of the voters of this county upon the question whether or not they wish cattle to run at large in said county and the clerk of this court is directed to prepare ballots for said purpose.

Pursuant to the above order, I, S. T. Stevens, Sheriff of Ohio county, will cause a poll to be opened at each of the voting precincts in Ohio county on November 6th, 1900, for the purpose of taking the sense of the legal voters as to whether cattle shall be permitted to run at large in said county.

Cong to Rest.
On Monday, September 24 at 7:30 a. m., the death angel visited the home of Mr. Scott Leach and took from it his loved father, and his soul is now resting in that home beyond the sky. The children have lost a kind father, the church a bright light and the neighborhood a good man. He leaves behind him a beautiful christian character and was loved and respected by all. He has many virtues.

The golden gates were opened. A gentle voice said: "Come." And with a wave of the word unspeakable came, entered him:
Scott was an upright, honest man, loved by all who knew him and will be greatly missed in his neighborhood. His gentle voice cannot be heard around the household of anyone his gentle voice is still. He is working on the golden streets on that eternal shore, and while we deeply mourn his departure and weep with his friends tears of deepest sorrow we bow with humble submission to Him who doth all things right and true. Tuesday at 1 p. m. the procession, of Democrats and apostate Populists, from Beaver Dam reached Hartford, all told there were 155. The procession was headed by the Renter Cornet Band. At 2 o'clock 1,000 people had assembled at the Fair Ground to hear the recently regenerated Populistdemocrats talk of Bryanistic imperialism.

Tom Pettit, the noted renegade Populist, now a subsidized, Goebelized, Bryanized professional calamity breeder, introduced Gen. Weaver in a very brief speech. Among other things he said: "The issue is as wide as the space which marks the distance between hell and heaven," but Mr. Pettit never once named the issue and the audience was at a loss to know whether it was imperialism or tree silver, or free trade or income tax. So many are the issues of the Democratic party that an audience is at a loss to know just what issue is foremost these days until the speaker has announced what he thinks to be the most important.

When Mr. Pettit had subsided General Weaver took the stage and acknowledged his thanks to be privileged to speak to a Kentucky audience, when he concluded his introductory of thanks, he laid down the premises for his argument in these words: "NOW it is imperialism, four years ago it was silverism with the adjective free attached.

The speaker discussed at length the bible and declared that the devil was an imperialist which all may concede for argument sake if it would prove anything. But the devil is not a candidate just now for any office that anyone knows of. General Weaver's discourse on the bible and Declaration of Independence was very good. He was very kind and pleasant in his reference to the Republicans throughout his argument which was a very commendable feature of the old gentleman.

He dwelt at length on the subject of liberty and the contest of the governed, evidently forgetting that he was talking to a people that had no more to say in their government than the criminals in the penitentiary. Liberty is a precious subject to liberty loving people, but it is a pretty hard subject for a Democrat to discuss in Kentucky, especially at this time.

The speaker declared that he joined the Democratic party because it was a party of freedom. Well, general, in Kentucky, the Democratic party will not submit to the majority rule, it won't acquiesce in defeat and you should have known this before you came here.

How singular it is for men (Democrats) to talk freedom when they have their neighbor by the throat choking his very life out, yet these brazen demagogues down here in Kentucky can make more noise about equal rights to all and exclusive privileges to none than imaginable. These mush-room politicians, such as Weaver, Pettit and others who talk of liberty in Kentucky from a Democratic platform view, only make themselves ridiculous in the sight of honest men.

When the old general grounded and declared his intention to conclude, there were cries of, go ahead, but in choosing to defend Beckham in his outrages and stoppings, he chose the latter, to the surprise and discomfiture of his Democratic hearers.

It is considered very discourteous for a man to enter upon a political tour through a state in which there is a candidate for Governor and to absolutely ignore him, but this is what Mr. Beckham got at the hands of one, General Jas. B. Weaver at the Fair Grounds Tuesday.

The manner in which the Beaver Dam Gleaser slandered the Baisertown Cornet Band and the compliment paid its Republican subscribers, should recommend it to every one as a production coming from an unsound and uncultivated mind. It should be read extensively.

A Trip to Mexico.

Amario, Tex., Oct. 4, 1906.

Editor REPUBLICAN:

I left my home at McHenry, Ky., June 28, in answer to a telegram from my friend, Mr. T. A. Eaton, to come to Doniphan, Mo., to accompany his son, Mr. Thad Eaton, to New Mexico, overland, for his health, as he is suffering with lung trouble. On the 30th of June we had a lovely ride to friends at Doniphan and started on our long journey. I must say we had a fine team of mules, a camping wagon with all modern conveniences, and a tent also. Our wagon has two water kegs attached to the sides, stove in the front room to keep the sick comfortable and the kitchen is attached to the rear and when the door opens it is hung so as to make our table, which is supplied with the best the market affords.

For five days Mr. Thad's father traveled with us; at Olaton, Mo., he took the train back for Doniphan. We passed through some rough country before reaching Springfield, Mo. We traversed the beautiful Ozark and on to Chanute, Kan. Here Mr. Thad relapsed and we telegraphed for his family; we remained a week here and then on to McPherson, Kan., reaching there the last of August. Here is a fine stock country and fine farming land. In the wheat belt we saw twenty-two engines at one time at work on to Colorado and follow the Cimarron river for 150 miles and then into Oklahoma. Kenton, Okla., is reached August 22d, and then we cross the New Mexico line and traveled six miles to a beautiful ranch home owned by Mr. Bontz, brother in law of Mr. Eaton. Here we spent our hospitalities, but far from restoring health to my friend.

We were 600 feet above the sea level; the altitude is high for him. After a three weeks stay we retraced our steps, and the 13th of September we started for San Antonio, Tex. We arrived at Liberal, Kan., the 19th of September, and reached Amarillo, Tex., the 4th of October. We had great difficulty in crossing the Canadian river for the quick sand.

By referring to your map you will find we are in need of our water kegs now, as we travel some days all day and never see a residence or drop of water, only what we have with us.

Yours truly,

CLAYTON WOODWARD.

HORSE BRANCH REPUBLICAN RELATED.

Judge Wells, of Leitchfield, Engages Ben D. Ringo in a Mental Combat and Renders His Antagonist Hors de Combat.

Horse Branch, Oct. 6, 1906.

Hartford REPUBLICAN—Judge Wells, of Leitchfield, filled Dr. E. M. Berry's appointment here yesterday. This was a Republican appointment and the Democrats brought Mr. Ben D. Ringo, the champion Democrat of Ohio county, here to speak against Judge Wells. There was about one hundred voters present, of whom about one-third were Democrats. Mr. Ringo brought his bible and the Kentucky Statutes along to answer Dr. Berry, or Judge Wells, as it turned out to be, and we wish to say that Mr. Ringo needed a few more books and two or three other men also to help him out of the snafu.

Judge Wells was introduced by Mr. Henry Leach and at once took up the issues of the campaign. He began by taking up the Goebel law and traced it from its foundation down to the present, showing by the force of plain, sound reasoning that all the trouble in Kentucky for the last twelve months was due to that law. He dealt with the primaries in Louisville, the Music Hall convention, the contest and showed beyond a doubt to any reasonable man, where the trouble was. He advised the people to vote for John W. Yerkes and Jolly—paid a handsome tribute to William McKinley and the Republican administration. Judge Wells urged the people to place their votes where they would count the most for civil liberty; a right to vote and have that vote counted as cast.

After showing his audience his law books and bible, Mr. Ringo began by calling all the Republicans in Frankfort dogs, murderers and highwaymen, saying that ex-Governor Bradley was worse than Jesse James ever was—said that Mr. Bradley came to Louisville with the militia and two gatling guns, here flourishing cartridges for same. He also said that the soldiers dragged these guns through the streets in that city all day and that actually nine thousand Democrats were intimidated thereby. He failed to touch a single national issue, his whole speech being a weak defense of the Goebel election law, and the rotten judiciary of Franklin and Scott counties. Now, Mr. Editor, there never was a sicker set of Democrats in Ohio county than was in Horse Branch after Judge Wells's reply. They simply wished that they were back at Horton and White Run.

Yours, J. L.

When a preparation has an advertised reputation that is world-wide, it means that preparation is meritorious. If you go into a store to buy an article that has achieved universal popularity like Cascaria Candy Cathartic for example, you feel it is the endorsement of the world. The judgment of the people is infallible because it is impersonal. The retailer who wants to sell you "something else" in place of the article you ask for, has an axe to grind. Don't it stand to reason? He's trying to sell something that is not what he represents it to be. Why? Because he expects to derive an extra profit out of your credulity. Are you easy? Don't you see through his little game? The man who will try and sell you a substitute for CASCARETS is a fraud. Beware of him! He is trying to steal the honestly earned benefits of a reputation which another business man has paid for, and if his conscience will allow him to go so far, he will go farther. If he cheats his customer in one way, he will in another and it is not safe to do business with him. Beware of the CASCARET substitutor? Remember CASCARETS are never sold in bulk but in metal boxes with the long tailed "C" on every box and each tablet stamped C. C.

A LETTER ON STOCK LAW.

The Blighting Disease of Heredity.

In many respects Scrofula and Consumption are alike; they develop from the same general causes, both are hereditary and dependent upon an impure and impoisoned blood supply. In consumption the disease fastens itself upon the lungs; in Scrofula the glands of the neck and throat swell and suppurate, causing ugly running sores, the eyes are inflamed and weak; there is an almost continual discharge from the ears, the limbs swell, bones ache, and white swelling is frequently a result, causing the diseased bones to work out through the skin, producing insupportable pain and suffering. Cutting away a sore or diseased gland does no good; the blood is impured. The old scrofulous taint which has probably come down through several generations has polluted every drop of blood.

Scrofula requires vigorous, persistent treatment. The blood must be brought back to a healthy condition before the terrible disease can be stayed. It is the only purely vegetable blood purifier known, and other poisonous minerals usually given in such cases do more harm than good; they ruin the digestion and leave the system in a worse condition than before.

S. S. S. is the only medicine that can reach deep-seated blood troubles like Scrofula. It goes down to the very roots of the disease and forces every vestige of poison out of the blood. S. S. S. is the only purely vegetable blood purifier known. The roots and herbs from which it is made contain wonderful blood purifying properties, which no poison, however powerful, can long resist. S. S. S. stimulates and purifies the blood, increases the appetite, aids the digestion and restores health and strength to the entire body. If you have scrofula, or have had scrofula, or your child has inherited any blood taint, don't wait for it to develop, but begin at once the use of S. S. S. It is a fine tonic and the best blood purifier and blood builder known, as it contains no poisonous minerals. S. S. S. is pre-eminently a remedy for children.

When my daughter was an infant she had a severe case of Scrofula, for which she was under the constant care of physicians for more than two years. She was worse at the end of that time, however, and was almost deprived of her life. A few bottles of Swift's specific cured her completely, as it seemed to go direct to the cause of the trouble. I do not believe it has an equal for stubborn cases of this disease which are beyond the power of other so-called blood remedies.

Our medical department is in charge of experienced physicians who have made Scrofula and other blood diseases a life study. Write them about your case, or any one you are interested in. Your letter will receive prompt and careful attention. We make no charge whatever for this.
